Form 10-K for the Fiscal Year Ended December 31, 2020

Management's Discussion and Analysis
Results of Operations for the years ended December 31, 2020 and 2019
Net Product Revenue, page 153

1. We acknowledge your response to comment number 1, but respectively believe that disclosure of product revenue by each significant product would be useful information for an investor, even if there are only two products. Please confirm that you will provide disclosure in future filings. To the extent that one of the products is not generating significant product revenue, please state that fact. Also, revise to provide disaggregated information by product in your financial statements pursuant to ASC 606-10-55-89 through 55-91 or tell us how you have met the disclosure requirements.
